NOTICE OF PROPOSED RULEMAKING

Adopted: February 2, 2005

Released: February 4, 2005

Comments Date: March 28, 2005

Reply Comments Date: April 12, 2005

By the Assistant Chief, Audio Division:

1. The Audio Division has before it a petition for rule making filed by Charles Crawford ("Petitioner"), proposing the allotment of Channel 231A at Mt. Enterprise, Texas. Petitioner stated his intention to file an application for Channel 231A at Mt. Enterprise, if allotted.

2. Petitioner states that Mt. Enterprise is an incorporated community with a population of 525 people. Mt. Enterprise has its own local government, post office, volunteer fire department, school system, numerous churches and businesses that serve the residents of the community.

3. A staff engineering analysis indicates that Channel 231A can be allotted to Mt. Enterprise consistent with the minimum distance separation requirements of the Commission's Rules with a site restriction 8.5 kilometers (5.3 miles) north of the community at coordinates 31-59-40 and 94-40-29. To accommodate the allotment at Mt. Enterprise, Petitioner has requested a site change for vacant Channel 231C2 at Hodge, Louisiana.¹ A staff engineering analysis indicates that the proposed new site for Channel 231C2 at Hodge, 32-09-00 and 92-53-00, is in compliance with the Commission's spacing requirements. This site is 20.5 kilometers (12.7 miles) southwest of the community while the original site for Channel 231C2 at Hodge was 28.9 kilometers (17.9 miles) southwest of the community.²

4. The Petitioner's proposal warrants consideration because it could provide Mt. Enterprise with its first local FM broadcast transmission service. Therefore, we will solicit comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to Mt. Enterprise, Texas:

¹ Channel 231C2 was allotted to Hodge, Louisiana, in MM Docket No. 99-144. See 15 FCC Rcd 13293 (M.M. 2000). Although the effective date for the allotment of Channel 231C2 at Hodge was September 11, 2000, the channel has not been made available for auction.

² The existing coordinates for the vacant allotment at Hodge are 32-08-20 NL and 95-59-04 WL.

APPENDIX

1. Pursuant to authority found in Sections 4(i), 5(c)(1), 303(g) and (r), and 307(b) of the Communications Act of 1934, as amended, and Sections 0.61, 0.204(b) and 0.283 of the Commission's Rules, IT IS PROPOSED TO AMEND the FM Table of Allotments, Section 73.202(b) of the Commission's Rules and Regulations, as set forth in the *Notice of Proposed Rule Making* to which this *Appendix* is attached.

2. Showings Required. Comments are invited on the proposal(s) discussed in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules).

(b) With respect to petitions for rule making which conflict with the proposals in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. All submissions by parties to this proceeding or by persons acting on behalf of such parties must be made in written comments, reply comments, or other appropriate pleadings. The person filing the comments shall serve comments on the petitioners. Reply comments shall be served on the person(s) who filed comments to which the reply is directed. A certificate of service shall accompany such comments and reply comments. (See Section 1.420(a), (b) and (c) of the Commission's Rules.) Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554.
